

Who owns abundant energy solutions?

Abundant Energy Solutions is 100% owned by Abundant Solar Energy Inc.(ASE). ASE is an independent solar developer based in Canada that has managed over \$180 million of development equity capital. As a full-service solar developer ASE focuses on commercial, industrial and landfill opportunities.

What is abundant solar?

At Abundant Solar, our job is to put the power to harvest solar energy in the hands of homeowners and businesses. Today, solar electric systems are more affordable than ever, thanks to state rebates and federal tax credits, utility rebates, and net metering laws that allow consumers to sell excess power back to the grid.

Who is abundant?

With an executive management team with over 70 years of combined experience, coupled with a strongly defined financial vision, Abundant has established itself as a trusted developer, engineer, asset operator, and manager in the clean and renewable energy space in Canada and the US.
