

Does AGL offer a solar Bill credit?

If you have solar panels and a compatible solar battery, AGL will give you a \$100 signing-up credit for joining its VPP, followed by an ongoing quarterly bill credit: These quarterly credits are on top of the solar feed-in tariff you get when you supply energy back to the grid.

How can AGL help you get the most out of solar?

After you're all set up with solar, AGL can help you get the most out of your solar system through special solar deals and feed-in tariffs (FiT). Feed-in tariffs are a form of rebate whereby customers are compensated a few cents for every unused kilowatt-hour (kWh) of electricity exported to the energy grid.

Can I get a solar rebate in South Australia?

South Australia Eligible households can get a rebate of up to \$2,050 for connecting a solar battery to our Virtual Power Plant. The Small-scale Renewable Energy Scheme (SRES) provides financial incentives to install small-scale renewable energy systems like rooftop solar, solar water heaters and air sourced heat pumps.

How do I qualify for AGL's solar feed-in tariff rate?

To be eligible for AGL's solar feed-in-tariff rate, the inverter capacity of your solar system must not exceed, or must be export limited to, 10kW (for NSW), 10kVa per phase (for SA), 30 kW (for Qld), or 100kW (VIC) and you must not be receiving a feed-in tariff under any government scheme.

Can I join AGL's virtual power plant (VPP)?

If your home has solar panels on its roof connected to a solar battery, you could be eligible to join AGL's Virtual Power Plant (VPP). By combining with other solar battery owners, you can earn extra money off your power bills, in addition to AGL's standard solar feed-in tariffs.

Which solar battery brands are available at AGL?

Some of the listed solar battery brands available from AGL include the Tesla Powerwall and Sungrow. The retailer also offers a 'bring your own' battery deal for customers interested in joining AGL's Virtual Power Plant (VPP). You can also download the AGL Energy App which provides daily insights into your energy usage.
