

Is AGL solar a good company?

As of August 2016 SolarQuotes has received 92 reviews for AGL Solar. This is less than one quarter the number received by their rival Origin Energy. The reason for the discrepancy is AGL has been very inconsistent in how much effort they put into building their solar installation business.

Is AGL solar better than Origin Energy?

AGL Energy is Australia's second largest electricity retailer with over 3.7 million customers, which is around 14% less than the leader of the pack, Origin Energy. As of August 2016 SolarQuotes has received 92 reviews for AGL Solar. This is less than one quarter the number received by their rival Origin Energy.

Is AGL a good energy service?

Good to be able to pay the bill by debiting a savings account so finally have a payment option that is not getting some kind of payment fee. The staff when calling are lovely to deal with. Not all customers are as pleased with their AGL energy service, however. Alfred of SE Queensland cites this in his verified 1-star AGL review:

Does AGL offer a solar Bill credit?

If you have solar panels and a compatible solar battery, AGL will give you a \$100 signing-up credit for joining its VPP, followed by an ongoing quarterly bill credit: These quarterly credits are on top of the solar feed-in tariff you get when you supply energy back to the grid.

Why should you invest in AGL solar energy?

As one of the largest energy providers in Australia, AGL has everything you need to get the most out of your solar energy. Whether you already have solar panels installed on your home and want to find a great AGL solar plan, or you're interested in taking the first step to invest in AGL solar energy, AGL has a solution for everyone.

Does AGL install solar panels?

While AGL is no longer directly responsible for selling and installing solar panels, the company says it continues to help customers get started with solar through third-party partners, which AGL says are experts in PV solar. If AGL is unable to assist, then there is a plethora of other installers on the market that can help you out.

AGL solar feed-in tariffs. As mentioned above, customers can expect higher feed-in tariffs on AGL's solar-specific deals. AGL also offers a smaller FiT on its non-solar products, which vary between 3.3c/kWh and 7c/kWh, depending on the ...
