

Does Alabama Power have a 2024 renewable RFP?

Any project (s) selected by Alabama Power from the 2024 Renewable RFP must be approved by the Alabama Public Service Commission. Alabama Power is seeking proposals for potential renewable energy projects from Sept. 9 through Oct. 15.

What projects can be submitted under a renewables RFP?

Under the renewables RFP, the company will consider a variety of proposals, including solar, wind and geothermal projects, energy from tidal or ocean current, and low-impact hydro and biomass. Projects involving gas derived from sewage treatment processes, solid municipal waste or landfills, and heat and power projects also may be submitted.

Will Alabama Power receive all environmental attributes from renewable projects?

Alabama Power would receive all environmental attributes from these projects. Bids for the 2024 Renewable RFP must be received by 6:00 PM CST on Oct. 15, 2024. The company will then evaluate the projects to determine which ones (if any) would be beneficial to Alabama Power customers.

How many megawatts can a project be submitted to Alabama Power?

The submitted projects cannot be greater than 200 megawatts, and the projects must be directly interconnected with Alabama Power's transmission grid and located in the state of Alabama (or its coastal waters). Both build transfer asset projects and purchased power agreements with terms of 15, 20 and 25 years can be submitted.

When is the 2024 renewable RFP submission deadline?

Bids for the 2024 Renewable RFP must be received by 6:00 PM CST on Oct. 15, 2024. The company will then evaluate the projects to determine which ones (if any) would be beneficial to Alabama Power customers. The company will look to pair potential projects with interested industrial and large commercial clients.

When will the request for Proposals (RFP) be issued?

The request for proposals (RFP) will be issued on Sept. 9 and run through Oct. 15. Interested applicants can go to [AlabamaPower.com/2024RenewRFP](http://AlabamaPower.com/2024RenewRFP) for more information.
