

How many MW of solar energy will Ameren Missouri build?

ST. LOUIS, March 21, 2024 /PRNewswire/-- Today Ameren Missouri, a subsidiary of Ameren Corporation (NYSE: AEE), received approval to build or acquire approximately 400 megawatts (MW) of solar energy. The first of the three solar projects is scheduled to go into service in 2025, with two more set to begin serving customers in 2026.

Is Ameren acquiring or building 550 megawatts of solar energy?

ST. LOUIS, June 20, 2023 / PRNewswire / -- Today Ameren Missouri, a subsidiary of Ameren Corporation (NYSE: AEE), announced it intends to acquire or build approximately 550 megawatts (MW) of solar energy, continuing the company's investment in renewable generation.

How many solar farms will Ameren Missouri have in 2026?

Ameren Missouri plans to add four solar farms in the coming years capable of producing enough energy to power 95,000 homes. (Photo courtesy of Ameren Missouri) Ameren Missouri plans to open four solar farms by 2026 capable of powering a combined 95,000 homes, the company announced Tuesday.

What are Ameren's new solar farms?

The four solar farms are a leap forward in Ameren's plan to add a combined 2,800 megawatts of wind and solar power by the end of 2030. The additions are meant to help Ameren reach its target to reduce its carbon emissions by 60% by 2030, compared with 2005 levels. It hopes to reach 85% reduction by 2040 and net-zero emissions by 2045.

What's new at Ameren Missouri?

The facility is a step-change for solar generation in Missouri, and was the first project announced after Ameren Missouri updated its comprehensive plan to safeguard long-term energy reliability and resiliency for Missourians.

When will Ameren's energy projects be ready to serve customers?

These projects are targeted to be ready to serve customers between next year and 2026. "These projects support our ongoing generation transformation toward more clean energy while maintaining the reliability, resiliency and affordability our customers expect," said Mark Birk, chairman and president of Ameren Missouri.
