Who is Apex Energy Tek?

Apex Energy Tek is a company that specializes in the design and installation of residential and small-scale commercial solar. They have installed over 5,000 solar systems, EV charging stations, and roofing projects across the Northeast. Apex Energy offers the most comprehensive selection of renewable solar solutions in the region.

Why did Apex start net-filling a solar bank?

Apex began net-filling their annual solar bank in the spring to limit their monthly National Grid electric bill to an \$18 meter charge. Any production loss during this period was negligible.

The salesman, sight manager and installers were very professional and great to work with. They answered all our questions promptly and thoroughly. We can monitor our solar production on our computer or I phone. The panels look ...
