

What makes AquaStar Model 60 so special?

In keeping with Aquastar's modern traditions, the new Model 60 maintains a robust 200 meters of water resistance, and is powered by an elaborate top-grade, 100% Swiss Made Sellita SW200 automatic movement with 38 hours of power reserve, a solid ball bearing rotor and the sophisticatedly engineered shock protection system.

Is AquaStar 60 a good watch?

Nice review of the 60 in its natural element, with some great pix. Bringing a reissue of a 1957 watch underwater, where it belongs. We test the brand new Aquastar Model 60 Dive watch underwater. I like it. It keeps its vintage vibe, including size, and has just enough modernity. Well done.

What is AquaStar 2023 Model 60?

The new Aquastar 2023 Model 60 has a stainless steel case with a Swiss-made La Joux-Perret G100 automatic movement beating inside it. It has a black dial with ecru-colored SuperLuminova. Fitted with domed sapphire crystal glass, unidirectional rotating bezel and stainless steel case-back, this diver is water-resistant up to 200 meters.

Is AquaStar a good dive watch brand?

Aquastar might not be a name familiar to many, but it was perhaps the single most innovative dive watch brand of the 1960s, with over a dozen patents for everything from bezels to depth gauges. The company had its genesis within the venerable Jean Richard brand, one of the oldest Swiss watch brands at the time.

How much does AquaStar Model 60 re-edition cost?

Fitted with domed sapphire crystal glass, unidirectional rotating bezel and stainless steel case-back, this diver is water-resistant up to 200 meters. The pre-order price of Aquastar Model 60 Re-Edition is \$990 (retail price: \$1,290). The first 100 orders will receive a free liquid-filled compass.

What movement does AquaStar use?

Inside, Aquastar is using the La Joux-Perret G100 automatic movement in top grade that's been adjusted in 4 positions and offers 62 hours of reserve. The watch is offered on a nylon fabric strap and includes a genuine rubber Tropic strap.

Water resistance is a proper 200 meters - again, like the original - and the 2023 Model 60 is powered by an automatic La Joux-Perret G100, which ticks at 4 Hz, has a ...
