

How do I use the arizer solo while charging?

A LED light will let you know once it is ready; then simply insert the diffuser into the opening. Innovative technology lets you use the Arizer Solo while charging, making it easy and convenient for you. You no longer have to carry around another bulky charger, as the Arizer Solo's battery life is remarkable.

How do I use the Arizer Solo 2?

To use the Arizer Solo 2, hold the middle and top buttons to turn it on. Once on, press the up or down button to start heating the vaporizer.

This was indicating it was on the adapter side and not with the solo itself or the battery. I then looked at the connector on the power cord that connects the solo to the power adapter and noticed one of the small tabs looked pushed back further than the other. I used a tooth pick and bend it outwards slightly and now the issue is resolved.
