

Where will the ASEAN Solar PV & Energy Storage Expo 2025 take place?

ASEAN (Bangkok) Solar PV & Energy Storage Expo 2025 is a premier event dedicated to the advancement of solar photovoltaic (PV) technology and energy storage solutions in Southeast Asia.

What is ASEAN solar & energy storage Congress & Expo?

ASEAN Solar + Energy Storage Congress & Expo is the ideal event for professionals looking to expand their knowledge and network in the solar and energy storage market. Don't miss out on this opportunity to explore the latest developments in the industry and gain valuable insights into the future of the solar and energy storage market.

Why should you attend solar & energy storage conference in the Philippines?

Hosted in the vibrant city of Pasay City, Philippines, the event is expected to draw in thousands of exhibitors and attendees from across the ASEAN region and beyond. This event is the perfect platform for industry professionals to gain insights into the latest technologies and trends in the solar and energy storage market.

When was the ASEAN Centre for Energy established?

The ASEAN Centre for Energy (ACE) was established on 1 January 1999. It is an independent intergovernmental organisation within the Association of Southeast Asian Nations' (ASEAN) structure that represents the 10 ASEAN Member States' (AMS) interests in the energy sector.

How can ASEAN promote solar energy?

1\Government support: Many ASEAN countries have launched initiatives to promote the use of solar energy and reduce dependence on fossil fuels. For instance, the Philippines has set a target of installing 13 gigawatts (GW) of solar power by 2030, while Indonesia has a goal of generating 23% of its electricity from renewable sources by 2025.
