How do I find a reputable solar installer in Huntington Beach?

Make sure your solar installer provides a consultative, professional solar experience, and if you're also purchasing a solar battery system, they have proven experience with those products too. By doing the legwork for you, EnergySage makes it easy to find reputable solar installation companies in Huntington Beach, CA.

How much does solar cost in Huntington Beach?

The cost per watt makes it easier to compare prices between quotes and gives you a better idea of how fairly the system is priced. The average price of solar is about \$2.14 to \$3.22 per watt in Huntington Beach, so anything in that range is a fair price. Some prices may be too good to be true.

Is Sunrun a good solar company in Huntington Beach?

Sunrun is another big name you'll likely come across when researching solar leases in Huntington Beach. Sunrun doesn't have a great reputation among customers or solar industry pros, so we don't recommend doing business with this company. What are the best solar companies for zero-down solar loans in Huntington Beach?

Should you get a solar loan in Huntington Beach?

Solar loans are popular among homeowners because you don't have to have the money for the installation upfront, but you get better lifetime savings than with a leased system. You also get to directly use the incentives (tax credits, rebates, etc.) available in Huntington Beach, rather than a leasing company retaining them.

How do solar incentives work in Huntington Beach?

Solar incentives and rebates can cut the cost of installing solar in Huntington Beach by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.
