What is the cost of solar in Anaheim, CA?

The average cost of solar power in Anaheim, CA is \$2.61\<w\> before incentives. After the federal solar tax credit, the final cost drops by 30% to \$16,400 for a 8.98 kW system.

What is Solar Optimum?

Solar Optimum, since 2008, has been the leader in supplying solar energy systems and back-up battery storage in Anaheim, CA. With decades of experience and state-wide coverage, you can count on us to provide you the best value and fastest solar solutions. IntegrateSun is another company in the business.

Is it recommended to hire a solar installer?

To feel confident in your solar panels, it is recommended to work with a solar installer that has plenty of experience in custom designing systems. Solar is a growing industry that attracts contractors from many backgrounds--sometimes only loosely related to solar.

Is a certification required for solar installers?

Certifications are not necessarily required for solar installers, but they can help you identify higher quality installers. Two well-known certification programs are the North American Board of Certified Energy Practitioners (NABCEP) and the PV Installation Professional (PVIP) Board Certification, which is the gold standard for solar installers.
