What are solar phone chargers good for?

Solar phone chargers are a great way to stay powered up on the go. They are portable, lightweight, and can be used to charge your phone or tablet. Whether you're an outdoor enthusiast or simply looking for an eco-friendly way to charge your devices, read our list of the best solar phone chargers and power banks.

What devices can you charge with this solar charger?

This solar charger is a direct charger, so you will only be able to charge your phone (or other devices) while the panels are actively absorbing the sun. This charger comes with a USB-to-USB-C cable that can easily be switched out for any USB-to-whatever cable, though Apple products can be sticky.

What is the best solar power bank portable charger?

The BLAVOR Qi Solar Power Bank Portable Charger is considered the best budget option. It is compatible with various devices such as iPhones, Samsung phones, Android devices, Windows devices, GoPro cameras, GPS devices, tablets, and most USB charging devices.

Should you use a portable solar panel Charger?

Portable solar panel chargers are meant to function as a source of backup power, not as the primary way to charge your phone every day due to their slow charging speed. The quality and efficiency of solar-powered phone chargers are improving over time.

What is the best solar charger for outdoor use?

A great multi-purpose outdoor charging option, the Blavor Qi Portable Charger is a 10,000mAh wireless power bank, a solar charger, a flashlight and a compass. Unlike the other solar chargers on this list, the Blavor is primarily a power bank with additional solar trickle charging.
