

Does Eve University give a bonus to capacitor capacity?

Mindflood Booster gives a bonus to capacitor capacity. Antipharmakon Aeolis gives a bonus to capacitor capacity. EVE University members can get full reimbursement for most of these skills, among many others, through the University skillbook program. Capacitor Management - 5% bonus to capacitor capacity per skill level.

Does Eve have a Powergrid?

Every ship in EVE has an internal generator, which provides the "powergrid"; you see in the fitting window. Modules fitted onto the ship connect to the powergrid and reserve a portion of the generator output for themselves, reducing the remaining powergrid when fitted.

Is the armor Repper cap stable?

With my current skills, if you run everything but the armor repper, it will be cap stable. So, only when you start to take significant armor damage, then you start to have to work on your capacitor management by pulsing the repper as needed.

Is it necessary to be cap-stable in PvE & PvP?

Although it is a good thing to be cap-stable, it is not a requirement in every situation. In some PvE and PvP combat situations, you will rarely need everything running at the same time, while in others stability is important. You must consider a fit's likely use and context.
