

## Chicago-area tesla charging stations lined with dead cars

Are Tesla owners trying to charge their cars in Chicago?

Desperate Tesla owners in and around Chicago were seen trying to charge their vehicles with no luck amid frigid temperatures that have gripped the Midwest. Charging stations have essentially turned into car graveyards in recent days as temperatures have dropped to the negative double digits, Fox Chicago reported. "Nothing. No juice."

What happened at a Tesla supercharging station in Chicago?

Beard was among the dozens of Tesla owners trying desperately to power up their cars at the Tesla supercharging station in Oak Brook. It was a scene mirrored with long lines and abandoned cars at scores of other charging stations around the Chicago area. "This is crazy. It's a disaster. Seriously," said Tesla owner Chalis Mizelle.

Are Tesla owners stranded in Chicago?

As freezing temperatures and bitter cold hit millions of Americans this week, Tesla owners in the Chicago area are struggling to charge their electric vehicles, in some cases leaving them stranded. Some Tesla owners were stranded Monday in Evergreen Park, Illinois, a Chicago suburb, with dead batteries and not enough working charging stations.

Did a Tesla die at a supercharging station?

Multiple Teslas at an Oak Brook, Illinois, supercharging station. (WFLD / Fox News) "We got a bunch of dead robots out here," one man said. Kevin Sumrak told the Fox station that he landed Sunday night at Chicago O'Hare International Airport and found his Tesla dead and unable to start.

How long did a Chicago driver wait for a Tesla charge?

In Oak Brook, another Chicago suburb, a driver told Fox 32 he waited six hours over two days at a charging station and still had no charge in his Tesla. WLS reported that drivers waited hours in Oak Brook for a charge to their electric vehicles. Some cars died while waiting, and drivers had to leave their vehicles stranded at the charging stations.
