Any . grid tie-in system must meet all . applicable building and electrical . codes, and must meet standards . established by the area power . company. Improper grid ...

OK this is a sticky for all you thinking about buying a HF 45 watt kit. Short story is you are being ripped off. You are paying some \$180 for for something that has very little practical use. To add insult to injury with the panels being Thin Film are only going to last about 5 years. The kit includes 3 15 watt Amorphous silicon solar panels.

The ad says it is Chicago Electric Power Systems and is \$159.99 marked down from \$249.99. Limit 1. Does anyone know whether this is good value? Sheila. Forums. New posts Search forums. ... I just received an ad from Harbor Freight Tools which has a coupon for the 45 Watt Solar Panel Kit for \$139.99. It is good for 4 kits and expires 8/19/11 ...
