

How much do solar panels cost in Colorado?

In Colorado, a typical residential solar panel system costs \$10,605 to \$30,300, depending on the size of your system and what financial incentives you qualify for. The 30% federal solar investment tax credit (ITC) is the most significant financial incentive for most homeowners buying solar panels in Colorado.

Is Colorado a good state for solar?

Colorado's weather is pretty unpredictable- except when it comes to sunshine. Most Coloradans will tell you they see at least 300 sunny days each year, making it a great state for solar. Mix in Colorado's lucrative solar incentives, and it makes sense why so many Colorado homeowners are interested in adding solar panels.

Are there solar incentives in Colorado?

There's no shortage of solar incentives in Colorado. Residents can also benefit from rebates, grants and low-cost loan programs. Holy Cross Energy customers are eligible to get a cash rebate after installing a solar panel system.

Is there a solar tax credit available in Colorado?

In Colorado, there are solar tax credits and incentives available at the federal, state, and local levels. You can check the value of all incentives your home is eligible for using the calculator above. The state's commitment to renewable energy is strong, with a goal of 100% electricity coming from carbon-free renewable sources by 2050.

Can you get a solar rebate in Colorado?

Under this initiative, homeowners can receive a rebate equivalent to 25% of the total cost incurred installing solar panels or solar water heating systems, up to a maximum rebate amount of \$2,500. The federal solar investment tax credit (ITC) is still the biggest incentive for many Colorado homeowners.

Are solar panels tax deductible in Colorado?

The federal solar investment tax credit (ITC) is still the biggest incentive for many Colorado homeowners. If you install a residential solar panel system by the end of 2032, you can get a tax credit equal to 30% of the system's total cost -- including equipment, labor and permits -- on your federal taxes.
