

Cumulative vs periodic vs inverted sentences ap lang

What is the difference between periodic and cumulative sentences?

The periodic sentence releases information formally and logically, showing planning and control by the writer. The cumulative sentence, on the other hand, sounds natural, mimicking the way that people talk. A cumulative sentence sounds informal and conversational. It adds a stream of consciousness feel to writing and works well in dialog.

What is a cumulative sentence?

A cumulative sentence sounds informal and conversational. It adds a stream of consciousness feel to writing and works well in dialog. A cumulative sentence elongates and elaborates on action. Loading... This entry was posted in cumulative sentences, dialog in writing, periodic sentences, writing tips.

Why is a periodic sentence important?

The periodic sentence, because of the details which delay the ending, creates both grammatical and meaningful suspense. As the words build to a point, the periodic sentence emphasizes a point embodied in the last few words of the sentence. The periodic sentence releases information formally and logically, showing planning and control by the writer.
