

What is Custom Solar?

Custom Solar is a company with design and installation expertise that, when combined with Mitie's industry leading project management and mobile engineering offering, will support Mitie's ambition to be a leading provider of end-to-end green energy solutions.

What is a SunWize Power Station?

A SunWize Power Station is a complete, integrated solar system designed for 12/24/48VDC or 110V-240V, 50Hz/60Hz AC loads. SunWize Power Stations have decades of use in challenging terrain across hundreds of sites on multiple continents. They are rated for 110MPH sustained windspeeds per ASCE and IBC and can be skid or trailer mounted in an A-Frame steel structure.
