

Who is Deye inverter?

Deye Inverter, a subsidiary of Deye Group and a leading solar inverter manufacturer, is dedicated to providing complete photovoltaic power system solutions. With over 15,000m² of factory space and state-of-the-art production and testing equipment, Deye has emerged as a major player in the global solar inverter market.

What is Deye solar inverter?

With over 15,000m² of factory space and state-of-the-art production and testing equipment, Deye has emerged as a major player in the global solar inverter market. Their product range includes single-phase and three-phase string inverters, hybrid inverters, microinverters, and solar air conditioners.

Who is Ningbo Deye inverter?

NingBo Deye Inverter Technology Co., Ltd is leading solar inverter manufacturer and Grid-tie inverter suppliers, company wholesale PV inverter, On-grid inverter, Grid-tie inverter with our own factory.

When was Deye solar inverter company founded?

Deye solar inverter company was founded in 2007 with registered capital 205 million RMB (Over 30 million USD), is one of the China's high-tech enterprises and a subsidiary of Deye Group.

What products does Deye manufacture?

The company encompasses four core industrial chains, including solar inverter systems, solar air conditioner systems, dehumidifier series, and heat exchanger series. Deye's commitment to producing intelligent, healthy, energy-saving, and environmentally friendly products sets it apart in the market.

Is Deye a good brand?

With a strong emphasis on innovation and a forward-thinking global vision, Deye has established itself as a leading brand in the industry. The company encompasses four core industrial chains, including solar inverter systems, solar air conditioner systems, dehumidifier series, and heat exchanger series.

Ningbo Deye Inverter Technology Co., Ltd. (Deye) manufactures the SunSynk Inverters, hence the likeness in appearance and the inverters' near identical parameters. Similarly, you may have seen the black Fusion Hybrid ...

Deye hybrid inverters include single phase 3-16kW and three-phase 8-12kW, For the SUN-3K-SG04LP1-24-EU, it uses 24V battery bank and the rest of them adopts 48V battery. Also, the ...
