

Can you mix Pine-Sol and bleach?

The bottom line -- mixing Pine-Sol and bleach is dangerous, and you should never do it. You should avoid mixing bleach with Pine-Sol, as well as vinegar or ammonia. But why? Vinegar and Pine-Sol both produce chlorine gas when mixed with bleach, while ammonia and bleach produce chloramine. Chlorine gas is hazardous to human health.

What is the difference between Pine Sol & bleach?

Gentle giant: While it's tough on dirt and grime, Pine-Sol is generally gentler on surfaces than bleach. This means you can use it on a wider variety of materials without worrying about damage. Scent-sational options: If you're not a fan of the classic pine scent, Pine-Sol comes in a variety of fragrances. Lemon fresh, anyone?
