

How can I find EV charging stations?

To find EV charging stations, download the EVgo app and discover our 1,000+ stations. You can also contact the EVgo Charging Crew with any EV charging-related questions.

Where can I find charging stations?

ChargeFinder is available as an app for iOS and Android. Specific city pages provide a good overview of charging stations in a particular city. Download the app from Apple App Store or Google Play. ChargeFinder will eventually also be available as apps in Apple CarPlay, Android Auto, and Android Automotive.

How do I find out if a charging station is nearby?

To find out if a charging station is nearby, use ChargeFinder's station page which shows relevant information like charging speed, outlet type, price, and location. Additionally, the "Food and Shopping Nearby" feature helps you find points of interest near the charging station.

What is open charge map?

Open Charge Map is the world's largest Open Data registry for Electric Vehicle Charging Locations. Browse locations, Add Comments, Photos or Add new locations for others to find.

How can I check if EV chargers are available?

Check if electric car chargers are available on your itinerary. You might want to check in advance where you can find the closest EV chargers when you're on the go. For example, you can check if you would have the chance to charge at work or other desired destinations (e.g. supermarket).

What if a station is missing from the charging map?

If a charging station is missing from the map, it is easy for anyone to add it. It is also possible to edit and update information on all existing stations.
