

Who is an electric vehicle charging station installer?

An Electric Vehicle Charging Station Installer is a person or entity that installs, maintains, or repairs electric vehicle charging stations.

How do I find out if a charging station is nearby?

To find out if a charging station is nearby, use ChargeFinder's station page which shows relevant information like charging speed, outlet type, price, and location. Additionally, the "Food and Shopping Nearby" feature helps you find points of interest near the charging station.

Where can I find charging stations?

ChargeFinder is available as an app for iOS and Android. Specific city pages provide a good overview of charging stations in a particular city. Download the app from Apple App Store or Google Play. ChargeFinder will eventually also be available as apps in Apple CarPlay, Android Auto, and Android Automotive.

What if a station is missing from the charging map?

If a charging station is missing from the map, it is easy for anyone to add it. It is also possible to edit and update information on all existing stations.

What are Superfast chargers?

Superfast chargers, also known as High Power Chargers (HPC), are chargers that provide an output from 100 kW up to 350 kW. These chargers are shown with a purple marker on the charging map. The most common type of fast chargers provide 50 kW and are shown in dark blue on the map.

What information is displayed on the charger overview?

From the overview, there is information about number of chargers that are available, occupied or out of order. With a simple click, the price and availability for each charger is displayed. Live status for all major operators in one place is unique and something ChargeFinder is the only one to show.
