

Electric car charging stations charleston SC

Where can I charge my electric vehicle in Charleston?

There are 8 publicly available electric vehicle charging stations in Charleston, located in City parking garages. Charging your electric vehicle is free at these stations, but using the garages will require a fee. There are also a number of other private charging stations throughout the City, such as at hotels and commercial enterprises.

What are electric car charging stations?

Electric car charging stations, also known as EV stations (Electro-Voltaic), are facilities that provide charging services for electric vehicles. They are on a mission to make electric car usage more convenient and widespread by putting stations everywhere that people go.

How much does it cost to charge an electric vehicle?

Charging an electric vehicle at our stations is free, but there is a fee to enter the garage. Please note that there are also other private charging stations throughout the City, such as at hotels and commercial enterprises, which may have their own charging fees.
