How many Tesla charging stations are there in Maryland?

There are eight Tesla charging stations at the Maryland House and ten Tesla charging stations at the Chesapeake House. The Maryland House Travel Plaza is off I-95 at mile marker 82, between Exit 80 (MD 543) and Exit 85 (MD 22).

How do I add EV charging stations?

Add EV Charging Stations Zoom in on the map and click on station markers to review details. Ensure compatibility with your vehicle, then click "Add to Trip" to include it. Repeat the process to add additional charging stops.

Why should New Jersey electrify I-95?

As one of the most densely populated states in the country and commuter hub on the East Coast, New Jersey's transportation sector is one of our largest sources of carbon emissions and air pollution. Electrifying I-95 is an extraordinary effort that will deliver long lasting public health benefits for New Jerseyans and the region.

What is electrifying I-95?

Electrifying I-95 is an extraordinary effort that will deliver long lasting public health benefits for New Jerseyans and the region. This is a massive win for climate action, regional air quality, and the communities experiencing roadway pollution," said Anjuli Ramos-Busot, director of the NJ Sierra Club.
