

What is the capacity of Eve icr18650-26v battery cell?

The cell has a capacity of 2600 mAh, which results in a longer operating time and is an ideal choice for devices with medium power requirements. The ICR18650-26V battery cell is a durable and reliable energy source for everyday use. Low cost EVE ICR18650-26V Li-Ion battery cell with high capacity from the EU with fast shipping.

Who is EVE Battery?

EVE Battery is a leading lithium battery manufacturer from Huizhou, China. Founded in 2001, it is a high-tech enterprise focusing on the innovative development of lithium batteries.

What kind of applications does Eve icr18650-26v offer?

For what kind of applications?: EVE ICR18650-26V is an 18650 lithium-ion battery cell that provides reliable performance for your portable electronic devices. The cell has a capacity of 2600 mAh, which results in a longer operating time and is an ideal choice for devices with medium power requirements.
