

Where can I find charging stations?

ChargeFinder is available as an app for iOS and Android. Specific city pages provide a good overview of charging stations in a particular city. Download the app from Apple App Store or Google Play. ChargeFinder will eventually also be available as apps in Apple CarPlay, Android Auto, and Android Automotive.

How do I find out if a charging station is nearby?

To find out if a charging station is nearby, use ChargeFinder's station page which shows relevant information like charging speed, outlet type, price, and location. Additionally, the "Food and Shopping Nearby" feature helps you find points of interest near the charging station.

What documents do I need to buy an electric vehicle in Florida?

To buy an electric vehicle in Florida, you will need a copy of a valid Florida vehicle registration, proof of sale, and a recent JEA Electric bill. For more information, see JEA's Electric Vehicle Incentives page.

How much does a PEV cost in Florida?

PEVs in Florida with a battery less than 15 kilowatt-hours (kWh) in capacity receive a \$500 incentive, and those with larger battery capacity are eligible for a \$1,000 incentive. To claim the incentive, a copy of a valid Florida vehicle registration, proof of sale, and a recent JEA Electric bill are required. For more information, see JEA's Electric Vehicle Incentives page.

Can insurance companies impose surcharges on EVs?

Insurance companies may not impose surcharges on Electric Vehicles (EVs) in Florida based on factors such as new technology, passenger payload, weight-to-horsepower ratio, and the types of material used to manufacture the vehicle, unless the Florida Office of Insurance Regulation receives actuarial data that determines the surcharges are justified.

What power level does a destination Charger offer?

Destination chargers usually provide an output of 3 kW to 22 kW. The color shades on the map indicate the power level: light orange for 3-7 kW and darkest orange for 22 kW. The most common are fast chargers, shown in dark blue, which provide 50 kW.
