

What is FPL SolarNow?

FPL SolarNow is a community solar program that brings solar power to Florida through hundreds of solar arrays across the state. With the support of dedicated participants, it enables customers to benefit from solar energy without installing panels on their own property.

How does FPL offer solar energy?

One of the ways FPL has offered solar energy to customers is through its SolarTogether program. SolarTogether is a way for FPL customers to directly support solar projects installed in the state.

What are FPL rebates?

FPL, or Florida Power & Light, is the largest power provider in Florida. FPL rebates are incentives offered by the company for residential energy-efficient upgrades.

Does FPL offer solar rebates or incentives?

FPL does not offer any solar rebates or incentives aside from net metering. Before installing solar, FPL requires pre-approval, and all permitting, inspections, and the interconnection agreement must be submitted.

How much can solar panels reduce your FPL electricity bill?

Solar panels can eliminate most of your energy costs, reducing your FPL electricity bill to as low as \$25. Most FPL customers can expect a monthly electricity bill of about \$140.

Does Florida Power & Light offer solar rebates?

No, Florida Power and Light does not offer any rebates or incentives for homeowners going solar. However, Florida residents can still take advantage of the federal solar tax credit.
