Freedom offers complete solar power installation services for residential and commercial properties. For residential properties, the company provides roof solar panels, ground-mounted arrays, off-grid solar power systems and solar carports. Freedom Solar Power services the following roof types:

How good is freedom solar?

Freedom Solar installed our original 27 panels and 2 Tesla Gen 2 batteries. The system has functioned great. When a panel went bad, they replaced the inverter within a couple of months. We just got 3 more panels and 2 more batteries installed at a really decent price.

Where is freedom solar located?

Today, Freedom Solar's residential operations has expanded to serve all of Texas as well as markets in Florida, providing alternative energy to thousands of residential customers and hundreds of commercial solar power clients. We have offices based in our hometown Austin, as well as in San Antonio, Dallas-Fort Worth, Houston, Tampa, and Orlando.

Is freedom solar a good company to install solar panels?

The overall experience is very positive, from the initial consultation to the installing - the installation team "jalapanel poppers" was extremely helpful and thorough explaining the installation process. I would recommend Freedom Solar to anyone who is in the market for solar panel installation.
