

Freedom solar power houston solar panel installers reviews

Who is freedom solar?

Freedom Solar serves residential customers and commercial properties in Texas and Florida, as well as commercial properties throughout the country. Freedom Solar is a Tesla Powerwall Premier Certified Installer. Freedom Solar Power offers Maxeon, REC and Mission Solar panels.

What services does freedom solar power offer?

Freedom offers complete solar power installation services for residential and commercial properties. For residential properties, the company provides roof solar panels, ground-mounted arrays, off-grid solar power systems and solar carports. Freedom Solar Power services the following roof types:

Where is freedom solar power located?

17750 Lookout Road STE 605, Schertz TX, 78154 4055 Corporate Drive #200, Grapevine TX, 76051 1212 North Post Oak Rd, Houston TX, 77055 4801 Freidrich Ln Ste 100, Austin TX, 78744 Freedom Solar Power reviews and complaints, reviews of the brands of solar panels they sell, their locations and the cost of installations reported to us for 2024.

Does Freedom solar power offer solar backup power?

In addition to solar panel installation, Freedom Solar Power offers a few options for solar backup power. A solar backup system connects to your home's solar panels and the electric grid. It stores excess power that can then be returned to your home in a time of need, like a power outage during an emergency.

Is freedom solar a good company?

Freedom Solar was professional from the start, have up front pricing, and every step of the process was communicated in detail. What they did, what the next steps are, and then they execute. This is how things should be done and I commend Freedom Solar for how well their business runs and how fantastic their employees are. 5 stars, A+++.

Stephen P.

How much does freedom solar cost?

When our house got hit by lightning and all of the panels tripped, we called Freedom Solar and they had it fixed within 15 minutes. I paid the electric bill today and it was \$37, which is low. \$25 of that is the fee they charge us every month for being attached to the grid. It used to be significantly more because lights, TVs, and radios.
