

What services does freedom solar power offer?

Freedom offers complete solar power installation services for residential and commercial properties. For residential properties, the company provides roof solar panels, ground-mounted arrays, off-grid solar power systems and solar carports. Freedom Solar Power services the following roof types:

Does Freedom solar power offer solar backup power?

In addition to solar panel installation, Freedom Solar Power offers a few options for solar backup power. A solar backup system connects to your home's solar panels and the electric grid. It stores excess power that can then be returned to your home in a time of need, like a power outage during an emergency.

Is freedom solar a good company to install solar panels?

The overall experience is very positive, from the initial consultation to the installing - the installation team "jalapanel poppers" was extremely helpful and thorough explaining the installation process. I would recommend Freedom Solar to anyone who is in the market for solar panel installation.

Who is freedom solar?

Spencer and team know their business, the market, the technology, and the trade-space. From design through installation, exactly as planned. Love it. Freedom Solar is the local installer for Sunpower here in TX.

How good is freedom solar?

Freedom Solar installed our original 27 panels and 2 Tesla Gen 2 batteries. The system has functioned great. When a panel went bad, they replaced the inverter within a couple of months. We just got 3 more panels and 2 more batteries installed at a really decent price.

How much does freedom solar cost?

When our house got hit by lightning and all of the panels tripped, we called Freedom Solar and they had it fixed within 15 minutes. I paid the electric bill today and it was \$37, which is low. \$25 of that is the fee they charge us every month for being attached to the grid. It used to be significantly more because lights, TVs, and radios.
