Today, Freedom Solar's residential operations has expanded to serve all of Texas as well as markets in Florida, providing alternative energy to thousands of residential customers and hundreds of commercial solar power clients. We have offices based in our hometown Austin, as well as in San Antonio, Dallas-Fort Worth, Houston, Tampa, and Orlando.

Does Freedom solar offer Tesla Powerwalls?

Freedom Solar offers Tesla Powerwalls as backup power solutions for your home or business. So, if there's a power outage, or if you have an off-grid solar panel system, you have a couple options when it comes to sourcing and storing power. What areas does Freedom Solar service? Freedom Solar has offices in two states.

Is freedom solar a good company to install solar panels?

The overall experience is very positive, from the initial consultation to the installing - the installation team "jalapanel poppers" was extremely helpful and thorough explaining the installation process. I would recommend Freedom Solar to anyone who is in the market for solar panel installation.

Who is freedom solar?

Spencer and team know their business, the market, the technology, and the trade-space. From design through installation, exactly as planned. Love it. Freedom Solar is the local installer for Sunpower here in TX.

Does Freedom solar power offer solar backup power?

In addition to solar panel installation, Freedom Solar Power offers a few options for solar backup power. A solar backup system connects to your home's solar panels and the electric grid. It stores excess power that can then be returned to your home in a time of need, like a power outage during an emergency.
