

What is go power connect?

GO POWER! CONNECT Mobile power, reinvented. Say hello to off-grid connectivity. Being off-grid doesn't mean you need to live in the dark. Go Power! Connect allows you to view essential solar power system information from your Bluetooth-enabled device. Easily find essential system information, set alarms, and view historical data.

Who is Go Power! Solar?

Go Power! is one of North America's leading suppliers of recreational and business solar solutions. We started as a small Canadian distributor of solar energy products and have grown to provide portable, renewable electricity solutions for RVs and other applications. When you need portable, renewable electricity, you can count on us.

What does Go Power! specialize in?

From our beginnings as a small Canadian distributor of solar energy products, Go Power! has grown to become one of North America's leading suppliers of recreational and business solar solutions. When you need portable, renewable electricity, you can count on us.

Why should you consider going solar?

Go solar to enjoy freedom to explore remote, off-grid locations. You'll spend less on fuel for generators, enjoy the peace and quiet of the great outdoors, and contribute to a greener environment. Go Power has been the leader in mobile solar power since 1996 and is the #1 choice for off-grid power for RV, marine, and fleet.

What are the benefits of solar power?

Freedom to explore remote, off-grid locations
Quiet alternative to generators
Savings extends battery life by 50%
Backup power for parking lots or emergencies
Renewable and safe power source
