

What does EV100 mean for GSK?

Launched in 2017 by the Climate Group, the EV100 initiative aims to completely electrify the fleets of its members by 2030, representing more than 5 million vehicles. ARI and Enel X will help GSK establish a holistic sustainability solution, based on the deployment of PHEVs and BEVs and building more than 100 charging stations.

What does GSK do?

"As a global science-based healthcare company, GSK knows the importance of protecting and restoring the planet's health in order to protect and improve people's health," said Henry Rogers, Director of Fleet, GSK.

What will Ari and Enel X do for GSK?

ARI and Enel X will help GSK establish a holistic sustainability solution, based on the deployment of PHEVs and BEVs and building more than 100 charging stations. Qmerit, providing services to companies to transform their fuel-powered systems to electric technologies, will support the installation process.
