

Is Helio GreenTech a good solar company?

Start enjoying the savings that comes with owning your own power. Ranked Best of KC as Kansas City's best solar company two consecutive years 2022 and 2023. With our educational, no-pressure approach to solar you can feel confident you are making the right decision when you choose to work with Helio GreenTech.

Who is Helio GreenTech?

Helio GreenTech is a locally owned Kansas City based solar company. Founded in 2019 by leadership that has been in the solar industry since 2008. Our experienced solar team believes in making a difference in the world, helping the renewable energy industry grow, and empowering our customers, teams, and communities to a more sustainable future.

Why should you choose Helio GreenTech?

**Quality Products and Services:** Helio GreenTech provides high-quality solar panels, inverters, and other equipment that is reliable and durable, with warranties and performance guarantees that are best in class industry wide.

How do I go solar with Helio GreenTech?

Going solar with Helio GreenTech starts with an appointment where we can discuss your goals, your energy needs, and your site conditions to help you discover if solar is a good fit. There's no cost or obligation to visit with our professional solar team members to find out if solar is a good fit for you.

Does Helio GreenTech have a warranty?

Your Helio GreenTech solar system has a linear performance warranty. Meaning that in the event your system doesn't produce within a specified range as defined in our contract we will compensate for the shortfall based on electric provider rates or add more panels if needed.

What services does a solar company offer?

"They offer comprehensive services, such as system design, installation, maintenance, and monitoring, to ensure that their customers' solar systems are operating efficiently and effectively." Our comprehensive solar systems include solar monitoring for production and when possible whole-house consumption tracking.
