

Hilton oak brook hills electric car charging station

How many EV chargers does Hilton have?

This expanded agreement will put up to 20,000 new universal Tesla chargers at properties in the U.S., Canada, and Mexico. As the name implies, these chargers will allow all types of EV drivers to charge their cars, not just Teslas. The agreement calls for at least 6 chargers at 2,000 different hotels, making Hilton a leader in EV charging access.

Does Hilton have an electric vehicle charging network?

Hilton has announced an expansion of its electric vehicle charging network, adding up to 20,000 chargers at its properties in the Americas.

How many EV chargers will a Hilton Hotel have in 2024?

The agreement calls for at least 6 chargers at 2,000 different hotels, making Hilton a leader in EV charging access. Even better, these installations will begin in early 2024, which means guests won't have to wait long to start seeing progress.

Will Hilton's EV charging network be the largest hotel chain?

If all goes according to the chain's plan, these installations will make the Hilton EV charging network the largest of all hotel chains. These new connectors' design can accommodate all North American EVs, enabling all EV owners to charge their cars while staying at Hilton properties.

How many Hilton properties have EV charging access?

To date, there are more than 1,850 Hilton-branded properties with EV charging access out of the 6,800 worldwide, which means that this agreement will more than double the available chargers. As it stands, it's already possible to filter your search results with Hilton to include properties with EV chargers.

Do luxury hotels have EV charging stations?

With EV sales setting records nationwide, EV-owning travelers have begun to demand that the hotels they stay in offer EV charging. As E&E News' David Ferris points out, at least the country's luxury hotels are listening. Nearly 90 percent of these upscale hotels have installed EV charging stations at their facilities.
