

What is onslaught containment & mystery munitions?

Onslaught Containment is a mode introduced with Season Two Reloaded that takes place on the Gunfight maps and featured a stationary Dark Aether Orb. The Type 63 "Jungle Fighter" blueprint is rewarded to the players who killed 300 enemies in the mode. Onslaught Mystery Munitions is a limited-time mode introduced with Season Three Reloaded.

Can you play Containment with 2 players?

With the release of Season Five, Containment was added back with the additional map Nuketown '84. Like Onslaught, Containment can be played with up to two players, and involves players completing Surges and Elite Surges. However, unlike the main Onslaught mode, the Dark Aether Orb is red and completely stationary.

How does onslaught work?

In onslaught, you and another player charge an orb that feeds off of zombies and plague hounds. As you progress through the waves (called surges), the enemies will eventually become difficult, so, for this step, play on any multiplayer map you want (including DLC maps such as Nuketown '84) and have fun.
