

Why has Huawei defended its solar inverters?

Huawei has defended the security of its solar inverters in the wake of calls from a group of US senators for them to be removed from use in the States. The letter, released on Monday urged Congress to put in place action similar to that which blocks Huawei and fellow Chinese firm ZTE from providing telecommunications infrastructure.

What is a Huawei inverter?

Huawei inverters are becoming a benchmark for solar energy in residential and commercial applications. Huawei is a well-known brand in the solar energy sector.

What is the warranty of the Huawei solar inverter?

Manufacturer warranty - 5 years (with option to extend to 10-20 met?); The new Huawei Hybrid Solar Inverter SUN2000-8KTL-M1 is the interface for the HUAWEI Smart Energy Center. Thanks to the integrated 800V high-voltage battery connection, the inverter can be extended with the HUAWEI Battery.

Can the inverter be extended with the Huawei battery?

Thanks to the integrated 800V high-voltage battery connection, the inverter can be extended with the HUAWEI Battery. The optional HUAWEI Smart Meter is connected via the integrated RS485 interface and provides information about house consumption and grid feed-in.

The U.S. boycott against Huawei has extended from communications to other hi-tech sectors, as 11 senators called for a ban on the company's PV inverters on Feb. 25.

Eleven US senators wrote a letter Monday urging Energy Secretary Rick Perry and Department of Homeland Security Secretary Kirstjen Nielsen to ban the sale of all Huawei solar products in the US.
