

How do I contact Huawei Inverter Support?

Huawei support is available 24 x 7. To contact them, use the email address au_inverter_support@huawei.com. Make sure to provide your inverter serial number, which starts with HV, as they may need this information to assist you. User #816666 mentioned that there could be issues with the antenna, dongle, or screws.

Are Huawei inverters any good?

In my personal experience they have been good so far and offer good tech and service support. Here is a the Huawei inverter review which might help. They are definitely one of the better quality Chinese made inverters and are also a hybrid (battery) inverter as well with some clever features.

Do I need a firmware upgrade if I have a Huawei inverter?

You might need a firmware upgrade for a Huawei inverter if the installer fails to configure the system during login. If not upgraded, the inverter disables the external WIFI and leaves the Bluetooth setup connection active instead. For assistance, contact Huawei support.

What is Huawei technical support?

Serves Huawei's carrier customers with a suite of comprehensive technical support services including product documents, software downloads, troubleshooting cases, and support bulletins.

How do Huawei inverters perform?

Huawei inverters perform very well in hot conditions, as demonstrated by their performance in Perth summers. They offer a good balance of quality and features, with pricing that is competitive and places them in the middle range compared to other brands like Fronius and Growatt.

What warranty do Huawei inverters come with?

All Huawei inverters come with a full 10 year parts and labour, new for old replacement warranty. Unlike most other manufacturers, they do not provide 'refurbished' units for warranty replacement. Since Jan 2018 to now (Nov 2022), we have had just one Huawei inverter and no battery failures.
