

How much does electric car charging cost in California?

Contact your electric utility to find out more. Find out how simple home charging is for current electric car drivers. While electricity costs vary, the average price in California is about 18 cents per kilowatt hour (kWh).

Where can I charge my electric car?

Although electric car drivers primarily charge at home, workplace and public chargers are increasingly available in communities nationwide. Use the EV Charging Station Map to find nearby charging. Level 1 is the slowest method, but sufficient for drivers who charge overnight and travel 30-40 miles per day.

Are ChargeHub Chargers compatible with all electric and plug-in hybrid vehicles?

Our chargers are compatible with all electric and plug-in hybrid vehicles in North America. The ChargeHub App gives you access to over 244,000 charging stations, real-time availability updates, and seamless payment across networks. It's free to download, with no ads and no data sharing--just a seamless charging experience.

How do I find a charging station near me?

To find a charging station near you, download and open the ChargeHub application. Please be sure to activate your device's location services. Then, you can consult the interactive map, which will display nearby charging stations. You can also use the map on our website to locate an available charging station.

Where can I find a DC fast charging station?

Stations offering DC fast charging are found in shopping centers and often along major travel corridors, allowing electric car drivers to charge up quickly and take longer trips. DC fast chargers come with a CHAdeMO, Combined Charging System (Combo or CCS) or Tesla connector system.

How does public EV charging work?

Public EV charging stations can be easily located through mapping tools. When a driver needs to use a public EV charger, they do not require a membership, and the costs associated with charging and parking are clearly posted. Drivers can pay for the charging session with what is in their wallet.
