

How many EV charging stations are there in Montreal?

Montreal, the largest city in the province of Quebec, has more than 100 public EV charging stations (Level 2 and Level 3) within a 15km radius. Most of the stations throughout the city are level 2 charging stations and all of the stations offer free charges for your electric car. By 2020, Montreal wants to reach the 1,000 public charging stations milestone.

Are there public charging stations in Quebec?

Yes, there are a growing number of public charging stations available in Quebec, such as Electric Circuit stations. The Electric Circuit is Quebec's largest and most reliable public charging network, providing peace of mind for Electric Circuit members who rely on it for their charging needs while on the road.

Do you provide electrical services in Greater Montreal?

We provide electrical services throughout Greater Montreal. The Quebec Construction Code states that all electric work must be carried out by an electrician who's licensed by the Régie du bâtiment du Québec. Are you uncertain about whether a charging station can be installed on your property? Contact us!
