

What is an iPhone charging dock?

An iPhone charging dock is a small station that keeps your iPhone upright while charging, giving you access to its screen.

Does iPhone 12 have a car dock?

Apple Approved mfi (made for iPhone) car and desk dock for the iPhone iPhone 12Pro MAX/12 /11 Pro /10 /X /XS /8. Now fits larger phones with updated top Latch Placement options: attach directly to dashboard or anywhere on windshield. Long Cable allows for left windshield placement too.

What is the best iPhone car dock?

Great news for iPhone owners. The iBOLT iPro2 is the first Apple approved (=mfi) iPhone Car dock designed for Case compatibility. Simply insert your iPhone into the dock when stepping into the car, no more fumbling with a separate charging cable. Keeps your iPhone in a secure and easy to view position while driving.

What is a charging dock station?

A charging dock station is a multi-device charging solution that acts as a personal organizer for all your devices. Once you have one, you'll never have to worry about losing or untangling cables ever again. It lets you charge all your devices quickly, securely, and simultaneously in one convenient place.

What other devices can I charge with an iPhone dock?

Many iPhone charging docks have generic USB ports that you can use to charge other devices, like an Android tablet or a fitness tracker. If you've enabled Siri, you can use your iPhone as a voice-activated digital assistant while it's charging on your dock.

Is it worth buying an iPhone docking station?

If you're still interested in an iPhone dock, there are a few worth buying. When shopping for an iPhone docking station, consider what matters most to you: fast charging speeds or convenience. There are two types of iPhone docks to choose between: wired and wireless.
