

How much does a Kehua Solar System cost?

Kehua is also a well-known brand in the inverter market, and they produce a range of high-quality inverters. In terms of pricing, \$8700 for a 6.6kW solar system with Astroenergy panels and Kehua inverters is a reasonable offer, but it's important to consider the overall value of the system rather than just the price.

Is Kehua a reputable inverter manufacturer?

Kehua is one of the few manufacturers in the world to offer a product and solution for all scenarios, covering a power range from 1kW-6.8MW with string, central, and central-distributed inverters.

What power range does Kehua's inverter portfolio cover?

Kehua's product portfolio incorporates string, central and central-distributed inverters, covering a power range from 1kW-6.8MW.

What is Kehua's ranking in storage inverter suppliers?

Kehua has ranked No.5 world storage inverter supplier (IHS Markit). For now, Kehua has ranked TOP 10 solar inverter brands used in term-loan financed projects (Bloomberg) and will continue to create green energy with R&D strength and devote to let the world enjoy a zero-carbon life safely.

Which solar inverter is best?

Astroenergy is a reputable brand in the solar industry, and their 6.6kW panels are a good choice for a residential solar installation. Kehua is also a well-known brand in the inverter market, and they produce a range of high-quality inverters.
