Spotify also weighed in, declaring "LORDE SUMMER IS UPON US". The musician's official website has also gone blank. What is Lorde doing in a post apocalyptic society?

Is solar power a good album?

"Solar Power" makes a lot more sense now that it's grounded by the added dimensions of all the other songs on the album. Lorde. CREDIT: Marc Piasecki/WireImage Lorde has shared a teaser of new music today (April 9) after wiping her social media accounts. What is Lorde's relationship with Fame based on?

This track gets to the heart of the album's origins -- it all started when she realized she needed to disappear from the spotlight for a while. Comparing her on again off again relationship with fame to a romance, Lorde asserts she "don't want that California love" over fittingly Western-sounding drums and guitar.
