

Nine sols how to get more computing power

How does computing power work in nine sols?

The fast travel mechanic in Nine Sols can make your run much less stressful, so knowing how it functions is important. In Nine Sols, Computing Power is relative to the Jades that you collect during your adventure. When you equip a Jade, it will consume a specific amount of Computing Power, determined by how many slots the Jade takes up.

How do I increase Jade slots in nine sols?

Here's how to increase Jade slots in Nine Sols. To increase Jade slot capacity in Nine Sols, you'll need Computing Units, which can be found or bought from various merchants. In fact, I found my first Computing Unit from Chiyu, a merchant you can reach by taking the elevator on the far left of the Central Transport Hub.

What mechanics should you consider when playing nine sols?

Game Rant One of the many mechanics to consider when playing Nine Sols is Computing Power and Jades. With knowledge of these two parts of the game and how they function, you will be able to take your gameplay to new heights and give yourself a boost for the next obstacle or challenge you need to overcome for progression.

How does nine sols work?

Like any soulslike game, Nine Sols treats players to a merciless combat system. They'll need to develop the best techniques for taking down a variety of enemies. The Jade system is one of the key components to ensuring players have what it takes to get through the most challenging fights.

How much computing power does a jade need?

Computing power is the resource required to equip Jades. Jades require between 1 and 3 computing power, with the more powerful Jades typically taking more computing power. Computing power starts at 2 and can be increased to a maximum of 10 by collecting Computing Units. Attaching a talisman will temporarily immobilize that enemy.

How do I increase my computing power?

For players looking to improve their Computing Power so they can equip more Jades in general or a different combination of Jades you own - you are in luck. Computing Power can be increased by purchasing Computing Units from various merchants you encounter along your adventure, such as Chiyu in Central Transport Hub.
