

What is NRG Solar+?

NRG Solar+ is a company that offers clean energy solutions to homeowners in Massachusetts and Maryland.

What is NRG Clean Power?

NRG Clean Power is California's leading solar energy and battery backup provider. They work with homeowners to create custom solar systems, considering factors like energy consumption, budget, and location. In short, NRG Clean Power is your total solar partners. Using their comprehensive solar solutions, they aim to provide the perfect residential solar system.

Is NRG Clean Power a good solar installer?

Based on our 23-point rating system, NRG Clean Power is one of the excellent solar installers for homeowners in Texas and California. However, if you live outside that service area, you'll need to find another trustworthy solar panel provider.

Does NRG Clean Power offer a solar referral program?

NRG Clean Power provides an excellent solar referral program that allows customers to earn thousands of dollars. To cash in on the programs, customers simply need to submit their information and their friend's information. Once their friend commits to solar with NRG Clean Power, the company pays the customer \$500.

Does NRG Clean Power offer solar rebates?

Aside from NRG Clean Power's solar referral program, additional financial incentives do not apply to the customer's solar installation. However, the company encourages customers to take advantage of local and federal rebates, as these incentives can shave off a considerable portion of the final system cost.

How much does NRG Clean Power pay a customer?

Once their friend commits to solar with NRG Clean Power, the company pays the customer \$500. Customers can get paid \$500 for each of their first ten referrals, and after that, the company will pay customers \$1,000 for each referral. Compared to many other referral programs, this is an exceptional opportunity for customers to earn money.
