

What is On Point Solar Power?

On Point Solar Power is a one-stop-shop for all solar panel installation from start to finish.

Is OnPoint Solar recommended?

OnPoint Solar is definitely recommended for those looking to use solar power instead of coal generated electrical power. Ellen M. Specialties: It has never been easier to go solar! Let us help you cut or reduce your electric bill with no money out of pocket! Click below to learn how much you can save! Established in 2016.

Are solar panels a good choice for your home?

Click Here! If you want to do your part to help the environment while still ensuring your home has ample power supply, solar panels are a great choice. At On Point Home, we offer residential solar installation in the Phoenix, AZ, area. Call us today at (844) 675-3325 to learn more.

Did the solar solutions deliver on their promise?

Brian M. reported, "Sunsolar Solutions delivered on their promise". After a full year of producing his own power, he is more than pleased. The communication from beginning to end was spot on and always kept him in the loop. Alexandrya C. finished her solar install with Green Muscle.

Is a \$120,000 solar system necessary?

If your electric bill is not very high, you probably don't need a \$120,000 solar system with a battery costing over five hundred dollars a month. THIS COMPANY SHOULD BE ASHAMED for potentially misleading elderly people into signing contracts for such expensive systems.
