

EDF Renewable Energy now proposes to construct and operate the project as a 500 megawatt (MW) solar photovoltaic (PV) electric generating facility with associated ...

Palen Solar Power Project (PSPP) and Possible California Desert Conservation Area Plan Amendment, and Final Environmental Impact Statement (FEIS) for the Palen Solar I, LLC's ...

The U.S. Department of the Interior (DOI) announced this week that the Palen Solar Project - a 457-megawatt photovoltaic facility in Riverside County, California - has ...

The U.S. Department of the Interior's Bureau of Land Management approved a plan to build a massive \$1-billion, 500-MW solar-photovoltaic facility on public lands just south of ...

The Palen Solar Power Project and Soda Mountain Solar, each proposed near California's Joshua Tree National Park and Mojave National Preserve respectively, have been ...

The Palen Solar Power Project proposed for the Chuckwalla Valley in California would have significant impacts on the Mojave fringe-toed lizard. Basin and Range Watch ...

Cultural Values and Sacred Sites Threatened by Project. December 1, 2017 - Our dear friend Mr. Alfredo Figueroa provided us with this comment letter opposing the Palen Solar ...

The 500-megawatt Palen project would span 4,200 acres of public land, a few miles from the park; Conservationists say the solar farm would harm desert ecosystems and ...

The Palen Solar Project, a 500-megawatt photovoltaic facility in Riverside County, California, has reached full power operation, the Dept. of the Interior says.

EDF Renewables North America's (EDFR) Palen Solar site is fully operational and delivering decarbonized energy to the grid. The site consists of four projects totaling 620 MW DC of solar ...

Subject: Comments on the Draft Supplemental Environmental Impact Statement for the proposed Palen Solar Power Project DOI-BLM-CA-060-2017-001-EIS. Basin and Range Watch is a 501(c)(3) non-profit working to ...

Riverside County wants a 2 % franchise fee on solar projects, including Blythe Solar Power Project, Palen Solar Power Project, Genesis Solar Energy Project, and Desert Sunlight Solar Farm. Editorial: A dark day for solar ...

^Cuauhtemoc Dancers on the Corn Springs overpass, with the site of the proposed Palen Solar Power Project beyond. Waving to the cars and trucks on Highway 10. Palen Solar Power Project would cover the flat desert in the ...

^View from desert pavement in the Chuckwalla Mountains Wilderness looking northwards towards the Palen Solar Power Project to the left and Genesis Solar Power Project ...

deposition within the Chuckwalla Valley with emphasis on the region of the proposed Palen Solar Power Project (PSPP or Project). Palen Solar I, LLC is proposing to develop a 500-megawatt ...

The Department of the Interior today announced that the Palen Solar Project, a 457-megawatt photovoltaic facility in Riverside County, California, has reached full power operation. The project -- which will supply enough ...

This Plan Amendment/Final Environmental Impact Statement (PA/FEIS) addresses two decisions by the United States Bureau of Land Management (BLM): the ...

The Project is a concentrated solar thermal electric generating facility with two adjacent, independent, and identical solar plants of 250 megawatt (MW) nominal capacity each for a total capacity of 500 MW nominal. The ...

Subject: Comments on the Draft Supplemental Environmental Impact Statement for the proposed Palen Solar Power Project DOI-BLM-CA-060-2017-001-EIS. Basin and ...

SAN DIEGO and HOUSTON, Texas (Nov. 14, 2018): EDF Renewables North America and Shell Energy North America (US), L.P. (SENA) announce the signing of a 15-year Power Purchase ...
