

What is a portable solar mobile charger?

A portable solar charger is a device designed to charge the batteries of mobile phones using solar energy. This charger is made by converting, controlling, and conditioning the electronics. An external adjustable voltage regulator is used to obtain the desired constant voltage, and a zener diode switches on to ensure charging is cut off at the saturation point.

Why should you choose a solar charger with USB port?

It's ideally suited for outdoor life and unexpected power outages. ?Wide Compatibility?Solar charger with USB port allows you to charge almost all 5V USB devices, suitable for charging your smartphone, and other 5V electronic devices during backpacking, hiking, camping, and cycling. Quite convenient to carry it wherever you go.

How much does a small solar charger weigh?

?Portable & Compact?The small solar charger is designed with 4 holes so as to use carabiners to hang everywhere. When folded, it looks like a E-book reader (4.7 x 6.3 x 0.98 inches) and weighs just 0.44 lbs. And the solar panel comes with 2pcs carabiners, suitable for hanging on backpacks.

Can I put flex solar panel Charger in water?

Please do not immerse the panel in water! ?WHAT YOU WILL GET?You will get 1*FlexSolar 10W solar panel charger, 2*Carabiners, 1*User manual. 10W (depending on sun availability) is tested in an ideal laboratory. Cloud cover or coverage may affect the charging speed, it is recommended to put this solar panel charger in direct sunlight.

What is a foldable solar panel?

See more ?High Efficiency?The foldable solar panel is constructed of high-efficiency solar arrays, conversion rate is up to 24% of solar power into electrical energy. The built-in smart chip intelligently identifies your device, and maximizes its charging speed while protecting your device from overcharging and overloading.

How much does a solar panel weigh?

When folded, it looks like a E-book reader (4.7 x 6.3 x 0.98 inches) and weighs just 0.44 lbs. And the solar panel comes with 2pcs carabiners, suitable for hanging on backpacks. It's ideally suited for outdoor life and unexpected power outages.
