Top-rated - BLAVOR Solar 10,000mAh Portable Power Bank 5. Best budget option - YOESOID Portable Solar Power Bank Do solar phone chargers really work?

What are solar phone chargers good for?

Solar phone chargers are a great way to stay powered up on the go. They are portable, lightweight, and can be used to charge your phone or tablet. Whether you're an outdoor enthusiast or simply looking for an eco-friendly way to charge your devices, read our list of the best solar phone chargers and power banks.

What are the different types of solar-powered phone chargers?

Regarding power input, there are two types of solar-powered phone chargers; those that rely on just solar energy and those that can be powered by either solar or a standard electrical outlet. Dual-input (solar and outlet) chargers are handy when you need a backup for use at home and short-term travel.

What can solar chargers power?

Solar chargers can power your phone, headlamp, and other small tech. These portable gadgets marry solar panels with battery packs--they're small and lightweight enough to not add much heft to your pack and powerful enough to juice up your devices.

Should you use a portable solar panel Charger?

Portable solar panel chargers are meant to function as a source of backup power, not as the primary way to charge your phone every day due to their slow charging speed. The quality and efficiency of solar-powered phone chargers are improving over time.

How to choose a solar-powered phone charger?

The first thing you should always look for when shopping for a solar-powered phone charger is its power capacity. For solar-only chargers, look for the wattage provided by the solar panels. The higher the number of watts, the faster it will charge your phone and the more devices it can charge at the same time.

The QiSa Solar Charger is a portable power station that comes with 38,800mAh of battery capacity, perfect for extended trips without grid access. The solar power bank has a wireless charging function, two 5-volt USB outputs, and one USB ...
