

What can power home remodeling do for You?

The company can install insulated vinyl siding,entry doors,windows and gutters. To help with energy efficiency inside,Power Home Remodeling installs attic insulation. Lastly,you can work with the contractor to install solar panels on your roof. Just like with its roofing services,the company focuses only on installation of these products.

What does Power Home Remodeling install?

Power Home Remodeling installs insulated vinyl siding,entry doors,windows and gutters. To help with energy efficiency inside,Power Home Remodeling installs attic insulation. The company doesn't provide repairs to roofs it didn't install.

Where is Power Home Remodeling headquartered?

Power Home Remodeling is headquartered in Chester,Pennsylvania. The company also has offices near several major metropolitan areas.

Why isn't Power Home Remodeling the cheapest option?

Power Home Remodeling doesn't aspire to be the cheapest option because cheap means cutting corners on quality. While they don't list specific costs on their website,the average cost for asphalt shingles is between \$5,800 and \$12,700. The number of stories on your house and the roof pitch will also affect this price.

What type of homeowners is Power Home Remodeling best suited for?

Power Home Remodeling is a good choice for eco-friendly homeowners who don't mind paying extra to limit their carbon footprint. The company is focused on energy-efficient materials for its exterior remodeling projects.

Does power home remodeling have a warranty?

Power Home Remodeling offers a labor warranty and manufacturer's warranties for the products they install,such as roofing,siding,windows,and doors. All warranties are available to review on the company's website.
